

**Amendments to the Specification**

Please replace the paragraph at page 10, lines 21 through 24 with the following amended paragraph:

The cube-corner surface 18 can include windows or steps to increase daytime Cap Y and color as taught in International Publication No. WO 98/59266, published December 30, 1998 and which corresponds with U.S. Application No. 08/883,329, filed June 25, 1997 and issued as U.S. Patent 6,258,443, the contents of which are incorporated herein by reference.
